OPEN RETAIL MEANS “STRENGTH” IN RETAIL!

By selecting the Open Retail system by Open System Solutions, you now obtain the easiest to use, faster and most competitive system in the Greek market of retail sales software applications.

With this system, you have at your disposal a series of advantages that make it really stand out:

SCREEN

Parametric sales screens, adapted per business activity, by using simple or touch screens

PROCESSING

Very fast & full processing of aspects & items (correction & fast change of price, label printing, multiple pricelists & barcodes per item)

MANAGEMENT

All in one management for the shop business through an all in one screen (purchases, sales, transactions, proceeds, payments)

CASHIER

Uninterrupted, easy to use & very fast cashier operation, with minimal training needs in terms of operation

CONTROL

Efficient control & supervision of the shop or chain of shops, cashiers, storeroom & distribution

A SPECIAL APPLICATION... TAILOR-MADE FOR YOU!

Because each intensive retail sales point has its own particularities, its totally unique operation methods, Open Retail Suite is an application that fully adjusts to the needs of every small or large business. Enjoy unique aspects which meet the exact needs and requirements of your own business activity.

CONFIGURATION

Flexible & very fast system adjustment to your company's needs

RECORDING

Detailed analysis of sales transactions (eliminations-returns, cancellations, changes)

STATISTICS

Complete statistics for purchases-sales, with multiple choices/filters -per item, category, period and everything- through an all in one screen & in real time

UPDATE

Continuous update on profitability, retail sales per day & per cashier, shopping cart

APPROPRIATENESS

Covers wholesale and retail needs in a wide range of businesses

THE PEOPLE OF OSS AT YOUR DISPOSAL 24 HOURS A DAY!

The Open Accounting system integrates knowhow spanning many decades resulting from all retail sales chains; at the same time, the personnel of OSS, thanks to its training, experience and flexibility, is building a relationship of trust with you, which guarantees that you receive continuous and successful support.

Therefore:

SUPPORT

You enjoy continuous & uninterrupted support & service, 7 days a week*

SOLUTIONS

We guarantee the immediate resolution of any question or problem you may have in relation to the operation, possibilities and effectiveness of your Open Retail system

TIME SAVING

You save time, money & reliability, whether you have a small business or franchise, or a major supermarket chain

EVOLUTION & DEVELOPMENT

You achieve a smooth rate of operation, development and expansion for your company

*Requires a support contract

TAKE THE NEXT STEP TO SUCCESS WITH OPEN RETAIL!

You don't have to think about it anymore: by selecting Open Retail, you obtain really integrated and effective software. You will have direct and major benefits:

EFFECTIVENESS

Guaranteed effective daily shop operation and, at the same time, enhanced competitiveness for your company

ADJUSTMENT

Integration of market practises in the software, resulting in higher visitability & sales (account settlement, air time, etc.)

COMMUNICATION

Personalized communication with clients through advertising screens, sending e-mail & SMS, aiming at their direct information on offers and credit policies

COMPLETENESS

Full coverage of all the necessary processes for a shop and fulfilment of all the manager's, businessman's and accountant's needs

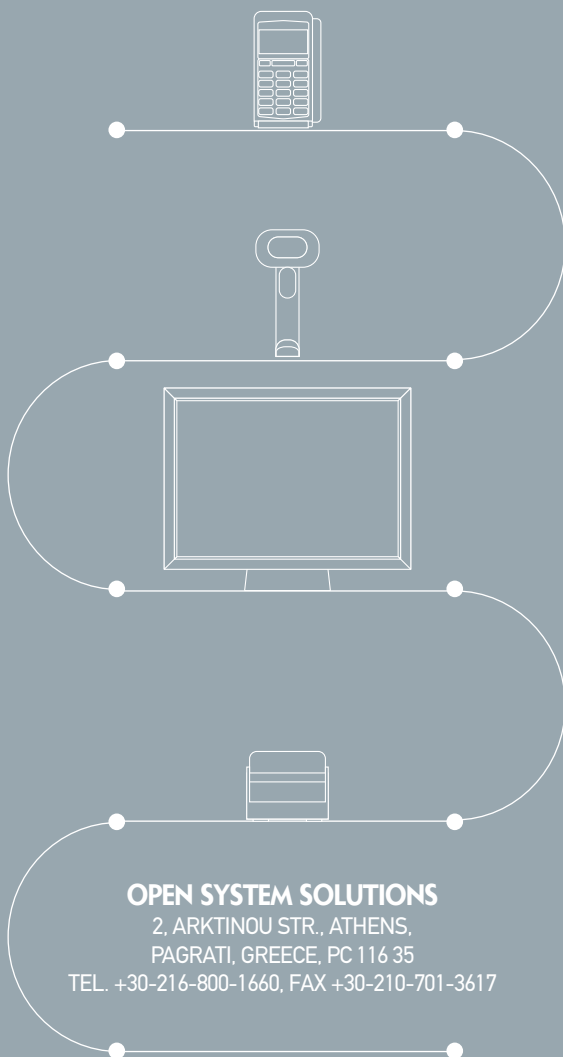

Thanks to the above benefits, we increase the timeless value of the software and, at the same time, the value of your shop for your clients!
